About Natica & AmnTech

Founded in 2007, **Natica** is a consulting company that meets the needs of organizations with innovative technology solutions and creates digital advantages for its customers. Operating from its offices in Istanbul, Lisbon, and Dubai, **Natica** offers solutions in Cyber Security, Information Security, Integrated Risk Management, Business Continuity, and Corporate Digital Transformation. The company provides consultancy and support services and stands by its customers within the scope of managed services.

Building on its extensive knowledge and expertise, **Natica** is proud to extend its services locally in Oman through its newly established branch, **AmnTech**. Dedicated to supporting Omani organizations, **AmnTech** brings Natica's global experience to the local market, aiming to create secure and efficient digital environments while ensuring the satisfaction and success of its clients across Oman.

Why Us?

- ◆ Our portfolio of digital solutions, created in partnership with our first-class strategic partners, empowers our employees, customers, and communities to do more.
- ◆ What really makes us different is our outstanding team of world-class technology experts, each committed to the long-term goals and success of our customers.
- ◆ Leveraging our multi-country expertise, we tailor our services to meet the unique challenges of diverse markets.

Our goal is to help our customers make the best business decisions and make the right investments in a complex, ever-changing environment. In this way, we create smarter businesses for our customers and a better world for everyone.

Our Mission is to Provide Comfort

to our customers

We ensure that they have zero concern for the work packages that they transfer responsibility to us.

We work with all our competence, experience, and resources to help them achieve the business goals they need.

to our partners

We ensure that their technology is introduced to our customers in the best way possible and implemented in the most beneficial way for our customers.

We want our business partners to have a profitable and sustainable business in the long term, and we improve their brand perception.

to our employees

We ensure that they use their knowledge, experience, and personal potential in the best way for their career.

We enable them to live in a good, healthy, and satisfying work environment by tailoring the parameters of labor, creativity, taking initiative, success, sharing, reward, individually.
